Class Poem

Dear John Graham High, the hour is near,
The hour for us to part—
All the way through we've known no fear.
Memories will live in our heart.

We'll never forget your guiding hand,
As onward we strive to go.
For the greatest goal that stands on land
Is the goal we've gained now.

You've always been a help to us,
In hardships and in fun.
You've given us the will to trust—
And fame to everyone.

We hope to meet the future bold
With what we've learned from you;
To capture tasks the future holds,
As onward we plow through.

We'll never forget the part you played
In lives and hearts of us.
In future days when our hearts have strayed,
In you we will always trust.

ANNE NEAL,
Class Poet.

Class History '50-51

It has been said that one must study history, the events of the past, to be able to tell what will happen in the future, for history repeats itself. We hope, however, that nothing like this ever happens again because we don't think John Graham could take it. In our brief sketch of history there will be no heroic generals, but we were a very promising group.

Four years ago, a new class entered the high school at Warrenton. A bright-faced happy group were we—full of new ideas and hopes for the next four years. Underneath our laughter and bright remarks, a feeling of timidness ran hither and yon through our hearts. The next few days were some of the most hectic days of our lives. Every way we turned our schedules became more complicated. Miss Mary E. Sadler and Miss Elizabeth Allen, our homeroom teachers, were very helpful and understanding in steering us through our difficulties. After dashing madly around the halls for a week or two, we finally settled down to high school life.

In September, 1948, we started, a little more confidently, across the second of our four high school years. Mrs. Ersie Stewart and Miss Mariam Boyd served as our homeroom teachers for this term and rendered valuable services. We became ardent sports fans as almost all of the boys were taking part in some sport and many of the girls were playing basketball. In the spring, four members of our class were dubbed members of the Beta Club.

Slowly but surely we were climbing to the top, finding ourselves Juniors in '49 with Mrs. Wiley Coleman and Mr. Frank Spain as our sponsors, We entered this Junior Year minus many old friends —some preferred a diamond, the wedding gem, instead of the gem of knowledge so they dropped out. This was an eventful and fruitful year for our class. The class as a whole worked diligently to raise funds for our project of the year by selling Christmas Cards and drinks at ball games. In the spring we ordered our class rings which were to be delivered in the early fall of our senior year. Seven girls in our class were chosen Marshals for Commencement. Near the end of the year came the "Junior-Senior," which was the Junior's biggest occasion, with "In the Garden" as the theme.

In the fall of '50 we again entered the portals of John Graham. We registered as Seniors this time! We welcomed ten new friends from Macon this year, two of whom were dubbed members of the Beta Club. Some of us were selected as class superlatives, others obtained a position on the WARRENTONIAN and *Seer* Staffs, and all had a major part in class activities. In November, we chose as the Senior Play, "The Little Minister," given December 19 and 20. As spring approaches, we realize that we are attaining the goal so long awaited. We are eagerly looking forward to the trip to Washington, the "Junior-Senior," the publication of the WARRENTONIAN, and the Senior Edition of the *Seer*. We greatly appreciate the work done by Mrs. Wiley Coleman and Miss Martha McElrath, our sponsors, who have worked so faithfully through this year.

Now graduation is here! We say good bye to teachers and friends. We do not leave sadly, for we are young and interested in the trials of life. We go with the knowledge learned from John Graham ever before us.

As with the closing of this year,
The Seniors leave their band,
We seek happiness—new friends,
As we take life hand in hand.

SALLYE FAYE CHEEK,
Historian.

The Last Will and Testament

NORTH CAROLINA
WARREN COUNTY
Warrenton

We the Senior Class of John Graham High School of the above state, county, and city, in the year of our Lord, nineteen hundred fifty-one, considering ourselves the best class ever to enter, leave, or otherwise come in contact with the finest school in Warren County, having added new crevices to our brains wading through "Macbeth," "Silas Marner," and a million and one themes and still being of sound body and memory, (which some may doubt) do hereby declare this to be our last will and testament, to be executed in the following order:

Prophecy

Ladies and gentlemen this is Kerney Peoples speaking to you direct from the 1961 edition of the Orange Bowl Classic here in Miami, Florida. As you know this is the annual Orange Bowl game held here each New Year's Day. This year brings together unbeaten and untied Tar Heels from the University of North Carolina against unbeaten but twice tied S.M.U. This game promises to be one of the best ever played here.

As I sit here high above the stadium I can see all around me. Although to you Tar Heel fans it is a cold rough day as you wait beside your television sets for this great event to get underway, but here it is a bright sunny day, the weather is mild and there is a slight breeze blowing from the east and with it the clean smell of the ocean. The sky is a deep blue and far away I can see the deep blue waves as they lazily lash the golden sands of the beach.

Blue and gold always bring back memories of 1950-51, when I was a senior at John Graham High School in Warrenton, North Carolina. That year there were 53 seniors including myself in the class. If this were an ordinary class it would not interest you very much but as most of you have read in the newspapers about almost everyone of the 53 or have seen them on television, I am quite sure it will interest you. There is still quite some time before the game starts so I think I will tell you about them.

There was one fellow in the class who I always knew had talent.

Thomas Hamm, he is better known today as Hopalong Hamm. Quite a character in the movie world.

Earl Haithcock is now well-known for his daring expedition of climbing Mt. Everest—the first known man to ever accomplish this.

Anne Neal is married to Carl Davis and lives in Paris where she models for a world famous fashion agent.

Willie B. Overby draws cartoons for the *New York Times*. Her high spirit and good sportsmanship is reflected in the column which appears daily in the *Warren Record* and other nationally known newspapers.

W. T. Pitchford is representing America in the hundred mile race in the Olympic games.

Geraldine Pittard lives in Richmond, Virginia where she works as a stenographer for a wealthy lawyer.

Julia Peoples lives in Macon. Her good humor has won her many friends in and out of this country. She is to spend the winter in South America with her husband.

Ann Robertson is an airline hostess. She saved a hundred and ten passengers from her burning plane when it crashed and burned last month in the Rockies.

David Scott is a famous scientist and it is said that he will unveil his space ship which is to carry him to the moon.

Lil Shearin is a great woman surgeon, famous the world over for her operation on expresident Truman who had a mental failure during the election of 1952.

Hinton Riggin is a popular Macon farmer.

Hunter Tucker is well known for his world famous brandy. He first made it when taking chemistry at Macon High School.

Frederick Williams won the Indianapolis 500 miles race last year and is out to do it again this year. He gives the credit to his courage which he gained at J. C. and Hicksoline, a product put out by Clifton Hicks and Company. Clifton is becoming quite wealthy as an oil magnet.

Ralph Hilliard is now an astronomer in California who recently discovered a new planet. He has named it Wait.

Thomas Hilliard is Professor of English at the University of North Carolina. He has just completed his book, *You Got to Accentuate the Positive.*

Barbara Jean Abbott is married and living in a prosperous farm in Elberon.

Nan Abbott is a Philadelphia lawyer's secretary, but it seems she fell in love in St. Louis and ever since has had the St. Louis Blues.

Mildred James is a cashier in New York's Waldorf Astoria where she is often visited by millionaires.

Jeannette Hayes is a great television star and appears this week with James Jones who has taken Milton Burwell's place as a comedian. He really is a joker. He got kicked out of Hollywood last week by Bob Hope for trying to sell him a ticket for one ride on the "mule train."

Marvin Baugh is a lawyer and has joined up with Richard Maultsby. Their opponents seldom win a case.

Earl Maynard is an airline pilot and makes round the world trips daily. "Quite a fast fellow."

"Dody" Miller is a vocalist with the "Ragtime Ranglers" now in their third year at New York's famous Stork Club.

Helen Munn is a beauty expert who has her office in New Orleans.

Vance Neal, an F. B. I. agent, is almost a legend. He is not dead but the counterfeiters that caused the great inflation of 1952 are.

Thomas Powell, a great artist, has just received the Nobel prize for fine arts.

Alice Reavis is a faculty member at Wake Forest College which has moved to Winston-Salem, N. C. and now ranks as one of the finest in the nation.

Clarence Harris is a reporter for the *New York Times*. He is covering the game today.

Bobby Rivers is a car designer for Fisher. Have you seen the 1961 Oldsmobile? One of Bobby's latest creations.

Betty Jean Revis is a missionary to Russia. Much publicity has been given to her work there.

Alvin Reid went to West Point and is now Aide de Camp to the ageing General MacArthur.

Claiborne Aycock is a great lover. He has made love to many women. He has become very rich in this way. He is going to make his home at Warren Plains.

Shirley Lyles runs a rest home near the state line. It is fast becoming popular and many senators and representatives spend their spare time here.

Betty Smiley is a hookkeeper for the Wachovia Bank and Trust Co. Her engagement to the president has been announced and the marriage is to take plaee in March.

Mildred Tharrington lives in Norlina where her husband runs a famous horse racing track.

Murray Davis lives in a swank Beverly Hills apartment and is known to be the nations No. 1 draft dodger.

Annie Rosa Edmunds is the manager of a large group of dry good stores. Her home is in Henderson and she lives there when she is not away on business.

Alan Davis is a well known hridge builder. He builds several a day and has his office in the *Dentist* office in Chicago.

Lonnie Cox is doing well with Roses 5-10-25c stores. He is head of the southern division. He has his office in Warren Plains and lives in Tampa, Fla.

Martha Duke King and her husband run the now famous Anchor Club on the west coast. She comes back to her home in North Carolina every summer for a few weeks.

Sallye Faye Cheek is a telephone operator and lives in Henderson with her husband.

William Floyd is a bus driver for Greyhound and makes sightseeing tours of South America every two weeks.

Nancy King has become well known in the literary world. She has written several popular books.

Belle Limer is a secretary at Johnson Cotton Company where her husband is employed.

Forrest Cheek is a wealthy car manufacturer. He lives in Macon and owns stock in Western Union.

Dorothy and Mary Alice Hudgins are television stars.

Rubie Riggan is a well-to-do New York lady and is head of the social circle there.

Peggy Clark is a chemical technician in Richmond. She has gone far in the development of synthetic fibers for clothes.

Phil Coggin, last but not least, appears here today with the lads from Tar Heel. Quite a ball player. Said to be the best since Justice.

Well, ladies and gentlemen, here comes the teams out on the field so I guess I had better give you the starting lineup for today's game. I have enjoyed telling you about my classmates of 1951. What am I doing in 1961? I am still going to John Graham. I am head coach there and chief battle washer.

MORE **POWER** TO YOU!

Since the end of the Second World War when materials again became available, Carolina Power & Light Company has been engaged in the greatest building and expansion program in its history. Already big new generating units have been installed —substations and other installations improved and enlarged— urban and rural lines extended. In fact, in the last five years Carolina Power & Light Company has built more than 6,000 miles of rural lines and has connected more than 45,000 farm and rural customers that did not previously have electric service. The building program is continuing, and under present plans, a hundred million dollars will be invested in increasing and improving electric service in the area served by the Company.
